Containership Fires

14th November 2022

Containership fires are one of the most significant hazards affecting the shipping industry. IUMI has long advocated for better fire detection and extinguishing systems. In this podcast we sit down with Uwe-Peter Schieder, Vice Chair of IUMI's Loss Prevention Committee; Anders Kristensen, Project Manager for the CARGOSAFE Study at the DBI and Lorena Cifuentes, Research Consultant at DBI to discuss the CARGOSAFE study and developments in fire safety technology.
