

Cyber risk in the shipping industry – Prevention is better than cure

Published: 01 March 2018

In this talk, Matthew Montgomery, Senior Associate at HFW, discussed various risks related to increased digitalisation and automation in the maritime industry. Matthew's slides are available [HERE](#).

Aron Sorensen, Head of Maritime Technology & Regulation at BIMCO, looked at effective ways to conduct cyber risk management. Aron's slides are available [HERE](#).

Thank you HFW for hosting this event!
