Cyber risk in the shipping industry – Prevention is better than cure

Published: 01 March 2018

In this talk, Matthew Montgomery, Senior Associate at HFW, discussed various risks related to increased digitalisation and automation in the maritime industry. Matthew's slides are available HERE.

Aron Sorensen, Head of Maritime Technology & Regulation at BIMCO, looked at effective ways to conduct cyber risk management. Aron's slides are available HERE.

Thank you HFW for hosting this event!
