

Project Cargo on RoRo Vessels

By Project Cargo on RoRo Vessels delivered by Capt. Marc Sommerfeld of Battermann + Tillery Group on 13 December 2016.,

Published: 13 December 2016

Marc Sommerfeld, Section Head Marine Department and Surveyor at Battermann & Tillery looked at procedures, technical requirements and challenges related to special cargo on RoRo vessels. The presentation provides many practical and concrete insights into the handling of special shipments, with particular focus on break bulk cargo stowed on roll trailers.
