

Zero to digital – the route to insurance resilience

Published: 21 April 2020

has never been more important given the global crisis COVID-19 has presented. Marine insurance is one of the enablers of global trade and it is vital that businesses can continue to operate effectively when offices are forced to close and operations severely hampered.

In the first part of this webinar, [Andrew Yeoman, CEO for Concirrus](#), provides a step by step guide to digitalising insurance operations. This is followed by an update from [Patrizia Kern, Head Marine at Swiss Re Corporate Solutions and Chair of IUMI's Data and Digitalization Forum](#), who focuses on how the insurance industry can become more resilient and how the business landscape is likely to change for marine insurers as a result of the COVID-19 pandemic.

The presentations will be followed by a Q&A with the audience.
