

Update on IQARB at MSC 106

7th November 2022

On the occasion of the IMO's 106th session of the Maritime Safety Committee, IUMI Secretary General Lars Lange provided an update on the latest developments of the International Quality Assessment Review Body (IQARB) and its benefits for flag States. Lars discussed why IQARB has been set up, how it works in practice, and what its ambitions are for the future.
