

Geir Jørgensen
SVP Global Head of Loss Prevention
Skuld

Geir Jørgensen is the SVP Global Head of Loss Prevention in Skuld. He took on the position in 2018.

Geir has a BSc in mechanical engineering, and he has 25 years of experience from the maritime business. He spent 9 years at sea on seismic survey vessels, he has done consultancy work helping shipowners with implementing planned maintenance systems and safety management systems.

From 2007 until 2018 he worked for Høegh Autoliners and had positions as DPA, CSO, Head of HSEQ and Head of Crewing. Today Geir represents Skuld in different IG committees and in CEFOR Technical committee. Geir's passion is safety at sea which reflects his working career."
